

# ARGENIS & ANDREA MATOS

MOZAMBIQUE, AFRICA

GOMATOS.COM

We heard one of our missionary colleagues say with such enthusiasm, *"we have the best jobs in the world"* and we couldn't agree more with that statement! What an honor it is for us to answer God's call and serve the people of Mozambique. And we are thankful for each of you who have walked with us in our journey!

## STATES WE'VE VISITED THIS ITINERATION:

- ✓ Illinois
- ✓ Maryland
- ✓ New York
- ✓ Florida
- ✓ Massachusetts
- ✓ New Jersey

REUNITED AND IT FEELS SO GOOD!  
HAPPY TO SEE OUR FRIENDS BACK IN  
MOZAMBIQUE FOR A FEW DAYS.

SHARING ABOUT MOZAMBIQUE DURING  
THE SPANISH FELLOWSHIP GATHERING  
AT TEMPLE ROCK IN NEWARK.

SPENDING TIME TOGETHER WITH OUR  
COLLEAGUES AT THE ONE HOUSE  
CONFERENCE IN SOUTH AFRICA!

Recently, in January we visited South Africa for a One House Conference where over 400 missionaries who serve in Africa gathered under one roof and fellowshiped/prayed/worshipped together. In our time in South Africa, we had the opportunity to meet a wonderful Pastoral Couple. They never had a missionary come to their church and they had so many questions about our previous missions trip to Mozambique. The conversation was fruitful as they felt moved to hear all that is happening in Mozambique and were so encouraged to hear that we have answered the call to return back to Mozambique and partner with the National Churches.

They invited us to worship with them the next morning at their Sunday Service, and it was beautiful to see a packed house of people ready to worship the Lord. The moment we stepped through the doors we felt the presence of the Lord. It was such a powerful worship experience, that the service took over four hours but it only felt like a few minutes. We are so thankful for the Pastor allowing us to share a few words and after, we had the privilege to lead in communion.

We are thankful for divine appointments and new friends.

## PRAYER REQUEST

- For our budget to be raised, we are eager to return back to Mozambique.
- Mozambique has been receiving lots of heavy rain. The rain has already affected some 30,605 people and displaced 422 people.
